First Time Orders

When you contact Tanning Essentials for the first time, we will take a few moments to set you up as a customer, so that when you place orders in the future they will be dispatched quickly and efficiently. We will of course mail future catalogues throughout the year and keep you up to date with new developments and promotions.

On your first three orders we will require payment prior to dispatch of goods. We recommend paying by credit card, which ensures your order is processed immediately.

How To Pay

Tanning Essentials accepts all major credit cards including AMEX*, wire transfers, direct deposit, EFTPOS and cash payments (in person only). To pay over the phone via credit card*, please call +613 9463 8900 to speak to one of our friendly team. If using direct deposit or wire transfer please use your order number as your payment reference and deposit funds to the following account:

AUSTRALIAN ORDERS

Commonwealth Bank

BSB No.: 063 105

Account No.: 1031 0264

INTERNATIONAL ORDERS

Beneficiary Bank: Commonwealth Bank of Australia

Commonwealth Bank's primary SWIFT BIC Code:

CTBAAU2S

Beneficiary: BSB PACIFIC PTY LTD

Beneficiary Account Number: 06300012649688

(* NOTE: Fees may apply)

Prices

We work in multiple currencies that include AUD, EUR €, GBP £ and USD \$. All prices are correct at the time of going to press. However prices may change and Tanning Essentials reserves the right to alter prices without notice.

Payment

50% deposit is expected on order. Payment is due in full prior to dispatch of goods, if a credit arrangement is not agreed before-hand. Payment is due in 14 days from the date of invoice where a credit arrangement exists.

Overdue Accounts

Without Prejudice to any other right of remedy, Tanning Essentials shall be entitled to charge interest (both before and after any Judgement) on the amount unpaid at the rate of 6% per annum above Reserve Banks Base rate from time to time, from the due dates for payment, until payment in full is made together with all costs and expenses incurred by Tanning Essentials or its appointed representative in the collection of overdue monies.

Warranty

We stand as the first manufacturer in the industry to provide a fully comprehensive 12 month replacement warranty and limited lifetime warranty on some models and parts.

This warranty coverage is unmatched in the industry, simple to register and we invite you to compare the essentials warranty to any other warranty on the market and you'll see the difference.

Backorders

Our policy is not to backorder products, however we are happy to accommodate backorder requests.

Returns Policy

Goods may be returned within 7 days of purchase and only by prior arrangement with Tanning Essentials. Re-stocking fee may apply.

Private Labels

We can put your own brand on any equipment or help with custom designs. We are happy to discuss requirements, flexibility and minimum orders quantities.

Shipping & Delivery

Our warehouse team will do everything they can to dispatch your order to you within one full working day of placing your order.

International Orders

Lead time is around 30-45 Days, depending on specific regions.

Terms are FOB China unless stated.

Australian & UK Orders

Options for pick-up and arranging your own freight is available.

Quotes will be provided upon request.

Clean Air Turbo Twister Systems

Once you start spray tanning you will quickly learn that over spray can be a real issue. Our range of clean air filter systems keeps operators and clients comfortable as well as minimises messy over spray created while spray tanning.

NEW! Clean Air Turbo Twister Tower

Tanning Essentials Turbo Twister Tower is the ultimate in minimising mess while creating a comfortable environment for your customers and technicians. Whether you are operating the busiest salon or just growing your spray tanning business, Tanning Essentials Turbo Twister Tower draws excess tanning solution in the air into the multi stage filter to reduce mess and create a professional atmosphere. Made from strong lightweight aluminium, this system is easy to install without any tools and simple to operate.

NEW! Spray Station

The revolutionary Spray Station is a sought after fusion of top of the range Spray Tan & Clean Air Systems. The Spray Station's base contains a powerful inbuilt spray tan system that connects to our premium Rapid Applicator, which can be conveniently stored in the ergonomic workstation. The Spray Station features a triple fan clean air system that includes a convenient foot pedal for plug and play operation. It is with this innovative all in one system that technicians are able to eliminate clutter and maximise space.

Tower Features

- Simple Assembly & Operation
- Anti-slip comfort floor mat
- Ergonomic ON/OFF foot pedal
- Professional Multi filtration system
- Unbreakable aluminium side panels
- Reversible side panels for 2 colour options

Specifications

- Dimensions: 185cm x 120cm x 190cm (LxWxH)
- Noise: 69db / 72db*
- Weight: 48 / 52kg*
- Average Air Displacement: 1040 / 1560m³/hr*

*Spray Station Only

Additional Station Features

- Inbuilt spray tan system
- Ultra-fine spray mist
- Stainless steel spray components
- Ergonomic workstation incl. Cup Holder
- Heavy-duty hose connectors
- Easy Washable Spray System Filter
- Powerful Motor

Clean Air Turbo Twister Systems

Once you start spray tanning you will quickly learn that over spray can be a real issue. Our range of clean air filter systems keep operators and clients comfortable as well as minimise messy over spray created while spray tanning.

NEW! Mobile Turbo Twister

Ultra compact and lightweight, the Tanning Essentials Mobile Turbo Twister Clean Air System is the first of its kind. Powerful enough to effectively reduce overspray yet compact and quiet, it is an ideal solution for mobile technicians and salons with limited spaces. Lightweight design with an ergonomic carry handle ensures effortless transportation with plug and play settings and replaceable filters that are easily interchangeable through the front of the unit. The system works to draw in excess tanning solution that is in the air, into its multi stage filtration system.

Drop Down Enclosure

The easily assembled wall hanging curtain has been perfectly designed for those with limited floor space.

Ideal for hanging at home, the professional salon that wants to maximise its space or the mobile therapist who travels with their spray tan kit. The extending floor section and wide aperture ensure that any overspray does not find its way onto the floor or carpet.

- Dimensions:
120cm x 90cm x 210cm (LxWxH)
- Weight: 500g
- Colours: Black TE401017

Pop Up Enclosures

Pop-Up Tanning tents assist salons and mobile therapists in providing a professional environment for the customer, whilst ensuring that any over spray is contained in an area or filtered away. These Pop-Up Enclosures are the ideal portable solutions for mobile spray therapists and for any location where space is limited.

Worried about ventilation? These Pop Up Tanning tents incorporate a conveniently located opening in the rear of the enclosure, allowing for the placement of a clean air unit (Mobile or Portable). The Enclosure unfolds in seconds and folds away neatly in its very own carry bag.
